Lock keeps in-use table from raising in the center

Recessed vertical hinge protects against trapping food or pinching fingers

No holes or fasteners penetrate top surfaces of bench seats, eliminating traps for bacteria growth

STRONG.

A time-tested, torsion-bar assist system makes it easy for a custodian or others to fold tables for cleaning floors or rearranging space. Precision-formed, tubular steel legs are available in either a chrome-plated finish, or one of several durable powder-coated colors. Table understructures and linkages are standard black. These tables come in a variety of tops and seat colors to help you create an attractive environment. Your bottom-line assurance? We guarantee these tables for 12 years!

TIGHT.

BioFit incorporates the virtually indestructible Lotz Armor Edge® rim into every table top and bench seat edge. There are no cracks or seams to trap food or bacteria, providing long-lasting sanitary conditions.

TOUGH ALL OVER.

From the super-strong ABS plastic seats or durable, laminated bench seats to the 14-gauge steel frame, (welded robotically for uniform strength), to the nylon bushings that do not require lubricant, these tables are tough.

ADA compliant tables available

When in a folded position, table automatically locks to enhance stability

Precision robotic welding for uniform strength

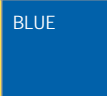

Nonmarring, four-inch neoprene wheels ensure smooth, easy handling

One-piece ABS plastic seats are virtually indestructible
